

OSAGE REGIONAL VETERINARY CLINIC, LLC

Osage Regional Veterinary Clinic

Payment Policy

All merchandise and service will require payment at the time of visit. We accept personal checks, cash and most major credit cards. Credit will not be allowed unless arrangements have been made with Dr. Keilholz before services are performed. Due to the number of previously unpaid accounts, we must enforce this policy for all clients.

In the unfortunate event that your pet/livestock should die or be euthanized while hospitalized at Osage Regional Vet Clinic, all incurred fees are due the day of the animal's death. Sick animals hospitalized with a treatment estimate over \$200.00 will require a minimum 50% deposit of estimated charges prior to beginning treatment.

Please note that in the event of a returned check, our bank automatically forwards the check to CheckMarc/Paytek. CheckMarc/Paytek reserves the right to electronically debit your checking account for both the face amount and associated fees. Your payment by check is deemed as acceptance of this electronic check recovery system.

Thank you for your business and we hope to serve you and your pet through many years of good health.
